**Marina Container Lines (HK) Limited**

**[Company Introduction:]**

My company Marina Container Lines (HK) Ltd has over 18 subsidiaries worldwide. We are a full-fledged logistics company offering one-stop shopping service to our customers.

**[Reason for acquiring ITIS solution:]**

1. Our warehousing and distribution (WND) service deliverables have been enhanced by acquiring the IT IS solution whose user-friendliness and system flexibilities have not only improved our customer satisfaction levels , but also our WND team's productivity.
2. The deliverables of the IT IS solution have been useful to our bidding for new WND business.

**[Improvements:]**

ITIS solution has been providing improvements based on the service requirements expected from our customers, esp. real time reporting of cargo status to improve decision making.
